MONDAY,

- JUNE 30, 1856.

The Abolitionist of the Journal, on Saturday morning last, threw away the assumed disgnises that he generally wears, and openly assumed the Black Republican livery. A petition has lately been sent to Congress by the traitors of Kansas. giving their varsion of the late action of Col. Snmner and the Sheriff's posse in the town of Lawrence, with their mendacious exaggerations and falsehoods. Prentice openly indorses it all, and gives it ont to the people of Kentucky as reliable truth. Horace Greeley has not done more to show his decided sympathy with Aboliticpists, and his determination to sanction all the outrages they have dared to sommit, and that they still meditate. The Lonieville Journal relates, how peaces by the people of Lawrence agreed to surrender up their arms, public and private; and then how Sheriff Jones took possession of the town, destroyed the hotel and the printing offices; and then adds that armed bands spread themselves in various directions, perpetrating thefts, robberies, and rapes.

But just now the stock in trade of the Aboli tionists is the outrages in Kansas. The most unscrupnions falsehoods and exaggerations are put forward and circulated. Rebellion is openly encouraged, and the vilest slanders published to the four winds to deceive the public, and thereby obtaln votes for Fremont; and that is not all, this party of traitors intend to make Kansas free by the pallot box in November, or they intend to do it with the sword; and the editor of the Jonral. here in Kentucky, comes to their assistance in a tirade against Col. Sumner and the posse of Sheriff Jones. He informed his readers that the Black Republicans would postpone their objects four years, and support Fillmore; but now he is ready to postpone his objects, and help the Black Republicans. They could not dezire a more efficient aliv. The article of Saturday, in the Jonmal, will be hailed as the happiest indication of the times. It We have had a great deal said about foreign in-

fluence in Kentucky; and here it is by a forsigner to Kentneky sentiment and policy. The Immediate purpose is to satisfy the Abolition Fillmore men in the free States, that Fillmore will do them no injustice; that between Filimore and army. Frement there is no material difference. This as-

We, of conrec expect the miscrable stipendiaries of the Administration to abuse us as favoring Freesolisms, lectures we dare to appear plainly of the outrages perpetrated on by the Pierce Administration's officials. We taken by some of the ultra pro-slavery men in Kansar, led on by the Pierce Administration's officials. We taken by the Pierce Administration's officials we have independence enough.

No wender he has a foreboding that his treasonable Black Republican capital here in Kentucky will be denounced; that his partisan Abolition indersement of an Abolition document sent to Congress for an Abolition party purpose, will excite the wrongs his Yankee brothren have sustained in the indignation of Kentneky. He, no doubt, felt the wrongs his Yankee brothren have sustained in Kansas that this offert to forge a link of common sympathy between Southern Know-Nothings was somewhat perilons; but he determined to venture upon it. He had little to lose; for his Abo itionism is well understood now, and those who have supported him up to this date needn't heeitate now. 8 o'clock in a room on the second floor of the tel-The chief capital of the anti-slavery crusade is egraph buildings, corner of Third and Market Summer's sore head and the Kansas hotel, with streets. He has, at last, indersed the only capital of the monely elected: Black Republicans, and expressed his full conviction of the trnth of the entire budgetof falsehoods sent to Congress; and thereby he shows his entire sympathics with the rebels and traiters who have eeu in open defiance of law, and who intend to earry their designs into effect, by arms, if they

anuof succeed by the ballot-box. We ask Kentnekians to mark this foreign influence in our midst; this attempt to sell the influence of Kentncky to Black Republicanism. The South has nothing to fear from her enemies abroad, ent from the sappers and miners she nourishes in her own bosom. The bold opponent can be met, but the orafty, insidious foe, that flatters and undermines yon; that cheats you with pretended deup their canse; who comes to you inviting sympathy for your uncompromising enemies, on acannt of wrongs they pretend to have suffered . whilst he hides these villainies, and pours ont his depunciations upon your friends, upon the report adopted, and the committe discharged. and at the bidding of your enemies, is himself a traitor, and should be so treated, and far more dan-

Whilst the Democracy of the free States condemn these Lawrence seditionists, and spend no sympathy npon them, the editor of the Jonrnal secomes their champion, esponses their canse, credits all their falsehoods and exaggerations, and hides their crimes from his readers. And this is the man who undertakes to give oounsel and advice to the South; who, with brazen face, charges Buchanan with Freesoilism one day, and holds him, the next, so much a pro-slavery man that he heretofore been connected with the so-called will support the South even to the most lawless | American party, take this method of informing

The Disturbances in Kansas. Horrible Atrocities Committed by the

We find in the Missouri Republican the follow ing communication, addressed by the Hou. G. L. Hughes, one of the clerks of the United States Inaffairs in Kansas:

LEAVENWORTH CITY, K. T., June 11, 1256. Dear Sir: Your favor of this date has just been eceived by me, soliciting information in regard to the condition of affairs in the Territory ally, and particularly in regard to the murcommitted, by whom committed, the names of the parties killed and wounded as far as recollected, and other matters of interest touching hasten to respond to your inquiries as far as my

First, then, I have been in the Territory nearly eight weeks as one of the clerks of the United States Investigating Committee, and during the time have been to Lecompton, Lawrence, Leavenworth City, Westport, and other places where said committee have been holding their sessions, and have been an eye-witness of many of the highhanded outrages perpetrated by the Abolitionists upon citizens of the Territory, and acts of resist-ance against the laws both of the Territory and of the United States.

I was present in the town of Lawrence on the 23d of April last, when Sheriff Jones was shot, though he had a body-guard of twelve or thirteen United States Dragoons with him at the time for his protection and to assist in enforcing the laws. The wound was a deep and dangerous one, the ball taking effect near the spine and ranging between the shoulder-blade. I saw the wound probed and dressed by the surgeons. No one expected him to recover. I saw the rabble in the streets of Lawrence that day while Jones had a man ar-rested, and assisted by the United States troops, heaping ourses and threats upon him, such as "Damu him, why don't you kill him, Hunt?"
"Why don't you shoot him, Hnnt?" "damn such laws: damn such officers; damn such a conntry and damn such a President." I saw brick-bats thrown at the officers of the law and the lientenant who was assisting in the execution of the laws. This Hunt was the prisoner. All these things were done in Lawrence on the 23d day of April last in my presence, and other ontrageous acts too erons to mention.

I was present on the 8th of May in Lawrence when the United States Marshal attempted to arrest Ex-Governor A. H. Reeder, by virtue of a writ of attachment issued by Judge Locompte, of the First Judicial District of Kausas Territory United States Court, and was present and heard Mr. Reoder tell the Marshal that "if he laid his hands on him to execute the writ he would do it as the peril of his life," and the armed populace shouted and backed Reeder in his position, and threatened the Marshal's life, and so he was comrelied to desist and return the writ to the Court not executed. There were two hundred men, armed, supporting and giving "aid and comfort' to Reeder in setting the law at defiance.

On the 24th of April, in a public meeting held in Lawrence, to express desopproval of indigna-tion at the snooting of Sheriff Jones, Uharles Rob-inson made a speech, and in his speech declared that it was his opinion that Jones was shot by pro-slavery man, thus adding insult to injury, and boldly asserted that the Free-State party never mount to submit to the laws, and used this damna ble languago: "I had rather obey the laws emana-ting from hell, than submit to the laws of the Territory;" that they intended to resist them to a Servitory; that they intended to reside the bloody issue." Since that time there has been no peace in the Territory. On the 21st of May, the indignant citizens of Kansas Territory in striving. uphold the laws destroyed the Free-State Hotel, rganized querrilla parties, and spread terror and dismay through the country. They have swept the country south of Kansas river with fire and

sword. on Saturday, May 24, a party of them, in Franklin county, murdered a Mr. Wilkerson, clu Mr. Doyle, and two of his sons, and two of the Shermans, all in the same neighborhood. These as ready to fight with any other weapon, if need | nurders were committed in the most shocking and parbarous manner, and it is said that some of the ero dreadfully mutilated before they were killed by cutting off their hands, noses, ears, and the like Thus it is that men have been dragged from their bods at the dead honr of night, and their threats cut amid the cries and entreaties of their wive time last week an attack was made on the towner Franklin, near the Wakarusa, by these guerrilla-who, after a sharp engagement, retired. A watch man by the name of Tishmaker, or Tishmonger was killed on our side.

On the 2d day of June, Captain H. C. Pate twenty-eight men were out in the neighborhood of Black-Jack Point, near the Santa Fe read 'orty miles from Westport, for the purpose of excenting certain writs upon those who had vicia ted the laws, and were attacked by a gnerrilla party of Abolitionists, commanded by one Brown, numbering one hundred and twenty-five men. After a sharp conflict, in which Captain Pate had some of his men severely wounded (and it is believed two of them mortally wounded), he heisted a flag of trace. Capt. Pate sont one man and a price whom he had with him to carry the flag of truce to the captain of the assailants. They were gen back, with the demand that Capt. Pate should bear the flag himself. He did so, and when he came np under the flag of truco Brown ordered twelve of his men to selve him and hold him as a prisoner of war. They then held a cocked pisto o Cant. Pate's breast, and told him if he did no surrender they would blow him through. Thus he was deceived and entrapped and compelled to urrender, except six men, who made good thei men was wounded in the side. I saw the builes

when taken out. I saw some throo or four of Celenol Buford's mer Sonthern men-who were made prisoners while driving wagons along the highway. They told me that the Abolitionists had takou all their catle, robbed their wagons, taken their arms and al he money they had, and then heaped overy pos-ble insult upon them; that they tied their hand. chind their backs and took them out to hau nem, once or twice, but did not; that they would ret their teeth and shake their fists in their faces while shey were prisoners, and say: "You d—contherners, this is the way we will serve you all." I saw an old man by the name of Bourne, from the Wakarusa, a few days ago, and he teld me that the Abolition guerrillas had taken all his oxen, cattle, horses, and robbed him of all he had,

and driven him and his family olean out of the country, and burnt his house. Mr. Joseph Bornard had his provision-storf the Territory by these desperadoes, and who
